

SEN Information Report

Elmridge Primary School

Trafford's local offer makes it easier for families to find out about the support that is available for children and young people with SEN or who are disabled. All schools and academies in Trafford are expected to identify and support pupils with special educational needs to make the best possible progress. Schools are supported to be as inclusive as possible and wherever possible, the needs of pupils with a Special Educational Need are met in a mainstream setting, where families want this to happen. Trafford's Graduated Approach document provides guidance on what should usually be available within school's resources.

Schools have a duty to publish SEN Information on their website which is updated every year. The questions on this template were developed with parents. Some schools have chosen to complete this template to provide their SEN Information. To go straight to a particular question, use the links below:

Questions

1. What kinds of special educational needs does the school provide for?
2. How does the school know if children/young people need extra help and what should I do if I think my child/young person may have special educational needs?
3. How will both you and I know how my child/young person is doing?
4. How will the curriculum be matched to my child/young person's needs?
5. How will school staff support my child/young person?
6. How is the decision made about what type and how much support my child/young person will receive?
7. How will my child/young person be included in activities outside the classroom including physical activities and school trips?
8. What support will there be for my child/young person's overall wellbeing?
9. What specialist services and expertise are available at or accessed by the school?
10. What training have the staff supporting children/young people with SEND had?
11. How accessible is the school environment?
12. How are parents and young people themselves involved in the school?
13. Who can I contact for further information?
14. How will the school prepare and support my child/young person to join the school, transfer to a new school or the next stage of education and life?
15. What other support is available?

1. What kinds of special educational needs does the school provide for?

In our school we provide for the following special educational needs;

- **Cognition and learning** – this includes children who have moderate or specific learning difficulties, such as dyslexia and dyspraxia.
- **Communication and interaction** – this includes children with speech and language delay and those with difficulties in social communication.
- **Social, emotional and mental health** – this includes children who may be withdrawn or isolated, disruptive, hyperactive, have attachment difficulties or who lack concentration.
- **Physical and sensory issues** – this includes children with impairments including hearing or visual difficulties, or other physical difficulties. It also includes children with sensory processing difficulties.

2. How does the school know if children/ young people need extra help and what should I do if I think my child/young person may have special educational needs?

At Elmridge Primary School children are identified as having SEND through a variety of ways, usually a combination of some of the following:

- Liaison with previous school
- Child performing below age expected levels
- Concerns raised by parent
- Concerns raised by teacher, for example behaviour or self-esteem is affecting performance
- Concerns raised by other staff in school, for example teaching assistants, sports coaches or lunchtime staff.
- The use of assessment tools such as Wellcomm for Speech and Language, screening tests such as the Phonics Screening Test and the Phonological Assessment Battery tool for dyslexia as well as other formative assessment tools.
- Liaison with external agencies e.g. physical/ sensory issue.
-

If you feel that your child may have special educational needs, it is best to talk to us. Your child's class teacher would be the first port of call, they will follow our initial concerns procedure which then involves the SENDCo.

Find the full local offer of activities and services in Trafford: www.trafforddirectory.co.uk/sendlocaloffer

Or contact the Family Information Service on 0161 912 1053 or fis@trafford.gov.uk

3. How will both you and I know how my child/young person is doing?

- The class teacher will meet with you at least on a termly basis (this could be part of Parent's evening) to discuss your child's needs, support and progress.
- For further information, your child's class teacher or the school SENDCo is available to discuss support in more detail.
- If your child is placed on the SEND register, they will have a support plan with individual outcomes tailored to your child. These are discussed with you termly.
- When your child's support plan is reviewed, comments are made against each outcome to show what progress the child has made. This forms part of our graduated approach.
- If your child has complex SEND they may require or have an Education, Health and Care Plan (EHCP). An **EHCP** is a legal document that describes a child or young person's special educational, health and social care needs, explains the extra help that will be given to meet those needs and how that help will support the child or young person to achieve what they want to in their life.
- A child's EHCP and their progress is reviewed yearly by all the professionals involved. This is called an Annual Review Meeting.

How does the school know how well my child/young person is doing?

- As a school we measure children's progress in learning against national expectations/age related expectations.
- The class teacher continually assesses each child and notes areas where they are improving and where further support is needed. As a school, we track children's progress from entry through to Year 6, using a variety of different methods such as questioning, hands-on activities, interactive quizzes, tests, challenges etc.

How will I know what progress my child/young person should be making?

- Through evaluation of your child's outcomes on a support plan.
- Through meeting with the class teacher to discuss progress that your child is making. This will be in relation to age-related expectations. Children will be assessed as: working below the age related expectations, working towards the age related expectations, working at the age related expectations or working at greater depth within a year group. Teachers will talk to you about this in relation to your child's starting point, noting whether the progression is at an expected level.
- Some children with SEND will have their own personal pathways encapsulating each child's own learning journey that ensures progress from their starting point. This is completely personalised to the child.

How do you evaluate the effectiveness of provision for children/young people with special educational needs?

- By ensuring the child is making progress in the specific identified area(s) of need according to the SEND Code of Practice 2014 (Cognition and Learning (C&L), Communication and Interaction (C&I), Social, Emotional and Mental Health difficulties (SEMH) and Physical and/or Sensory Needs (P&SN) through targeted support or the involvement of external agencies for support.
- Ensuring children are effectively engaged in their learning
- By verbal feedback from the child, the parent and teacher
- By evaluation of interventions to look at children's progress with specific outcomes.
This is reviewed on a half-termly basis and adapted as and where necessary.
Through children moving off the SEND Register, with parent's agreement, when they have made sufficient progress.

4. How will the curriculum be matched to my child/young person's needs?

The delivery of teaching in all classes is adapted to ensure that all children are able to access learning according to their specific needs.

Children with SEND will have access to the appropriate resources needed to help them make progress, these will be detailed in the child's support plan.

The class teacher will discuss the child's needs and decide what support will be appropriate.

Elmridge Primary School has a commitment to making learning as exciting as possible. Typically, this results in children being actively involved in their learning. This, coupled with a personalised approach to learning, ensures that all children, whatever their need, are given the tools to succeed.

How will you adapt the curriculum and learning environment for my child/young person's needs?

- At Elmridge Primary School, all staff are passionate about adapting their teaching practice and learning environments to ensure that our inclusive curriculum can meet the needs of all children. We strive to ensure any barriers to learning are overcome so that children can reach their potential.
- Elmridge Primary School is an accessible school. For children with physical needs reasonable adjustments will be made. Daily, adjustments are made to include children in their learning and this may be through resources, the environment or how a particular aspect of learning is presented. If necessary, a specialist can be consulted to provide their opinion on how we can meet a child's needs, for example, an Occupational Therapist or Speech and Language Therapist.
- For more information on accessibility, please see our Accessibility Policy.

5. How will school staff support my child/young person?

Who will oversee and plan the education programme and who will be working with my child/young person and how often?

- The class teacher will oversee, plan and work with each child with SEND in their class to ensure that progress in every area is made.
- There may be a learning support assistant (LSA) or teaching assistant (TA) working with your child either individually or as part of a group. The purpose and desired outcomes of these sessions will be explained to parents in advance.

Who will explain this to me?

- The class teacher will meet with you at least on a termly basis (this could be part of Parent's evening) to discuss your child's needs, support and progress. Mainly, these are informal meetings to discuss support and any queries that you may have.
- For further information our SENDCo is available to discuss support in more detail.

What additional support for learning is available for my child?

- Each child with SEND has a support plan document. **This document details any extra support that each child is receiving over and above Quality First Teaching from the class teacher.** At Elmridge Primary School, we have a range of additional support for learning available, including access to a range of outside professional agencies such as an Educational Psychologists, Speech and Language Therapy, Occupational Therapy, Special Educational Needs Advisory Service, Child and Adolescent Mental Health Service,

As well as these outside agencies, in-school support ranges from;

- Outstanding, quality first teaching
- Opportunities to broaden the curriculum through extra-curricular clubs and enrichment opportunities such as school trips.
- **Personalised learning, suited to each child's needs and interests and **concreate resources such as counters and Base 10 in maths.****
- TA/LSA support on a 1:1 basis or in a small group
- Pastoral support for social and emotional needs with our ELSA

How are the school governors involved and what are their responsibilities?

There is a Nominated Governor who is assigned to oversee the SEND Practice in our school. This is Layla Kelly.

They:

- Work closely with the Head of School and the SENDCo
- Ensure that this policy and other linked policies are up to date

Find the full local offer of activities and services in Trafford: www.trafforddirectory.co.uk/sendlocaloffer

Or contact the Family Information Service on 0161 912 1053 or fis@trafford.gov.uk

- Ensure that everyone connected with the school is aware of this policy
- Report to the Governing Body termly
- Annually report to the Governing Body on the success and development of this policy.

Find the full local offer of activities and services in Trafford: www.trafforddirectory.co.uk/sendlocaloffer

Or contact the Family Information Service on 0161 912 1053 or fis@trafford.gov.uk

How is the decision made about what type and how much support my child/young person will receive?

Who will make the decision and on what basis?

- The decision about what type and how much support a child receives is initiated by the class teacher in conjunction with the SENDCo. Once a child has been identified as requiring additional support, a meeting with parents will be held to talk about your child's need. It is at this point that a plan of action will be made, in partnership with parents, to ensure that all needs are covered. If your child has any outside agency involvement, they will also be involved in this meeting as far as possible.

Who else will be involved?

- Any specialist support agencies that are currently involved with your child.
- If there are no other agencies involved, it may be that this is the stage that they become involved if required.

How will I be involved?

- As a parent, you will be involved in every stage of your child's SEND plan. This is to ensure that your child's needs are most effectively met.

How does the school judge whether the support has had an impact?

- By regularly reviewing children's outcomes and ensuring that they are being met;
- Ensuring the child is making progress academically against national/ age expected levels;
- By verbal feedback from the child, the parent and teacher;
- Through children moving off the SEND Register when they have made sufficient progress.

What is the complaint procedure concerning provision made at the school?

If you have any concerns about provision in school, we urge you to come and talk to us about this.

Initially, this would be raised with the class teacher. If concerns remain following this discussion, our Senior Leadership Team and SENDCo are available to meet with you. If you remain dissatisfied a complaint would be dealt with in-line with Bright Futures Educational Trust Complaints Policy which is available at <https://www.eps.trafford.sch.uk/wp-content/uploads/2021/11/Complaints-Policy-July-21.pdf>.

7. How will my child/young person be included in activities outside the classroom including physical activities and school trips?

Will my child or young person be able to access all of the activities of the school and how will you assist him or her to do so?

- All children are included in all parts of the school curriculum, and we aim for all children to be included on school trips. We will provide the necessary support to ensure that this is successful.
- A risk assessment is carried out prior to any off site activity to ensure everyone's health & safety will not be compromised. In the unlikely event that it is considered unsafe for a child to take part in an activity, then additional support or adaptations will be provided where necessary and possible to ensure inclusion for all.

How do you involve parent/carers in planning activities and trips?

- When we are planning activities and trips, parents of children who have SEND will be notified. Parents will be invited in to school to discuss details of the trip and any support that is being put in to place. Parents may also contribute to the risk assessment if necessary, particularly if the child has a physical or medical need.

8. What support will there be for my child/young person's overall wellbeing?

What pastoral and social support is available in the school for children/young people with SEND?

- The class teacher has overall responsibility for the pastoral, medical and social care of every child in their class, therefore this would be the parents' first point of contact. If further support is required, the class teacher liaises with the SENDCo for further advice and support. This may involve working alongside outside agencies such as health and social services, and/or other external agencies such as Specialist Advisory Teachers, Counselling service, an Educational Psychologist or Child and Adolescent Mental Health Service.
- We have a teaching assistant who is trained as an Emotional Literacy Support Assistant (ELSA). She currently supports children on a 1:1 and small group basis.
- **Our** Senior Leadership Team can apply for an Early Help Assessment for children/families who require this.

How does the school manage the administration of medicines and providing personal care?

- The school has a policy regarding the administration and managing of medicines on the school site. This is available to parents.
- Parents need to contact the school if medication is recommended by health professionals to be taken during the school day and complete the appropriate paperwork.
- On a day-to-day basis the administrative staff generally oversee the administration of any medicines.
- As a staff we have regular training and updates on conditions and medication affecting individual children so that all staff are able to manage medical situations.
- Children who are on long-term medication, or who have specific conditions, have to have a Healthcare Plan. This can be written in partnership by the school and parents, in conjunction with any relevant health services.

What support is there for behaviour, avoiding exclusions and increasing attendance?

- If a child has significant behaviour difficulties, an Individual Behaviour Plan (IBP) is written to identify the specific issues, put relevant support in place and set targets.
- Attendance of every child is monitored on a daily basis by the school. Lateness and absence are recorded and reported to the Head of school. Our school works closely with the Trafford Attendance Team to promote attendance.

9. What specialist services and expertise are available at or accessed by the school?

Are there specialist staff working at the school and what are their qualifications

- Our SENDCo is currently working towards their full accreditation
- An ELSA practitioner

- We have access to Educational Psychologist's (EP) and Specialists from Bright Futures EPSO (Educational Psychology Specialist Outreach) Service to assist school with advice, training and strategies throughout the year.

What other services does the school access including health, therapy and social care services?

- As a school we work closely with any external agencies that we feel are relevant to individual children's needs within our school including: Health services such as: GPs, school nurse, health visitors, clinical psychologist, paediatricians, speech and language therapists, play therapists, counsellors, occupational and physio therapists, social workers; Educational psychologists. Sensory impairment service and specialist advisory teachers.

10. What training have the staff supporting children/young people with SEND had?

Training received by staff include;

- Team Teach
- Speech and language training
- First aid training
- Safeguarding training
- Precision Teach training
- Lego Therapy Training
- Autism Awareness training
- ADHD training
- Tools for developing an inclusive school
- **Elklan - speech and language support)**
- Senior mental health lead training
- **Wellcomm – speech and language assessment tool**
- Emotion coaching

11. How accessible is the school environment?

What are the arrangements for the admission of disabled pupils?

Our school site is largely accessible to all individuals. We have 2 classrooms which are upstairs and we are mindful to consider children's needs when deciding which class will be based in these rooms each academic year. Once a place at our school has been accepted, parents/carers can meet with our Head of School to discuss transition arrangements.

What steps are taken to prevent disabled pupils from being treated less favourably than other pupils?

- At Elmridge Primary School, all children are treated equally and fairly.

How will equipment and facilities to support children/young people with special educational be secured?

The Senior Leadership Team and SENDCo oversee securing equipment and facilities to support students. Through the planning process of provision for individual students, any additional equipment/facilities will be identified and appropriate methods to secure these undertaken.

Equipment used to support children will be detailed within their support plan.

Is the building fully wheelchair accessible?

- Our building is largely wheelchair accessible. We have a stair lift on our KS2 corridor which could be used to navigate the small set of stairs leading to the DT room and library. Two of our KS2 classrooms are upstairs and we currently do not have a lift therefore these rooms would not be accessible for wheelchair users. Our KS1 classrooms are based at the top of a small set of stairs and a stair lift is in place to aid wheelchair users.

Are there accessible changing and toilet facilities?

We have accessible changing facilities in the Foundation Stage unit. This consists of a toilet and changing mat. There is also an accessible toilet and shower in the main building.

12. How are parents and young people themselves involved in the school?

Describe the school's approach to involving parents in decision making and day to day school life

What opportunities will there be for regular contact about things that have happened at school, e.g. a home school book?

- At Elmridge Primary School, we value our partnership with parents and encourage regular contact. We have an 'open door' policy where parents can come and talk to staff without having to make an appointment. This is encouraged before and after school. Moreover, we pride ourselves on having good communication with parents and as such will set up home-school communication books for children where required.

How will you explain to me how my child/young person's learning is planned and how I can help support this outside of the school? How and when will I be involved in planning my child/young person's education?

- Your child's class teacher will be the main point of contact about your child's learning. They will explain how you can help to support their learning outside of school. In addition to this, if your child has SEND, they will have a support plan with appropriate outcomes. These outcomes are changed at least every term, and it is in discussion with you that these are updated and further targets are set. This is when provision that is in place will be discussed also.
- If your child has an Education Health and Care Plan, you will also have the opportunity to discuss outcomes, progress and provision at their annual review. This is with all of the professionals that are involved with your child.

Do you offer any parent training or learning events?

We do offer parent training and learning events. These typically centre around;

- Early reading and phonics
- Maths development
- The love of reading

We also signpost to other training events, such as First Aid, further learning in Literacy and Numeracy for adults, along with Trafford Sunrise Just Psychology workshop events which cover topics such anxiety, behaviour, and dealing with separation.

13. Who can I contact for further information?

Find the full local offer of activities and services in Trafford: www.trafforddirectory.co.uk/sendlocaloffer

Or contact the Family Information Service on 0161 912 1053 or fis@trafford.gov.uk

Who would be my first point of contact if I want to discuss something about my child/young person?

- Your first point of contact would be your child's class teacher.

Who else has a role in my child/young person's education?

- Additional adults in the classroom will have a role in your child's education, as well as the SENDCo. Any outside professionals that are involved with your child, such as speech and language therapists.

Who can I talk to if I am worried?

- If you are concerned about anything, the first point of contact would be your child's class teacher. If it is not appropriate to do this, the Senior Leadership Team would be the next point of contact. If you are concerned from a SEND point of view, you would contact the SENDCo.

Who should I contact if I am considering whether my child/young person should join the school?

Trafford complete Elmridge Primary Admissions. For further advice and information please contact school.admissions@trafford.gov.uk.

Who is the SEND Coordinator (SENDCO) and how can I contact them?

- The SENDCo is Mrs Joanne Bryden. You can contact her via the school's telephone number on; **0161 980 4941** or via email on;

JBryden@eps.bright-futures.co.uk

How do you consult with children/young people with special educational needs and involve them in decisions about their education?

- Children are spoken to daily about their learning and any concerns that they may have. Children with SEND are involved in decisions about their education where appropriate.
- Through the process of annual reviews, children's views on all aspects of life and education are gained in order to maximise the outcomes for them.
- We also complete a pupil's voice questionnaire with a sample of children to collate their views around school; to find out what helps them and to identify any barriers they face to enable us to offer additional support.

How will the school support my child/young person to do this?

- Children's views are gained sensitively and also in a range of ways appropriate to the child. It may be that we record their views, they are written, are filmed using technology or are drawn. How these are gathered depend on the child's strengths. An adult who has a good relationship with your child will gather their views. This ensures that the child is comfortable with sharing this information.

What other support services are there who might help me and provide me with information and

There are many support services that can assist you and provide parents and carers with information and advice.

14. How will the school prepare and support my child/young person to join the school, transfer to a new school or the next stage of education and life?

- We can make reasonable adjustments for children if transition is likely to prove difficult. These may include staggered start times or shorter days, resources, social stories or additional visits.

advice?

Find the full local offer of activities and services in Trafford: www.trafforddirectory.co.uk/sendlocaloffer

Or contact the Family Information Service on 0161 912 1053 or fis@trafford.gov.uk

Find the full local offer of activities and services in Trafford: www.trafforddirectory.co.uk/sendlocaloffer

Or contact the Family Information Service on 0161 912 1053 or fis@trafford.gov.uk

- When children with SEND are preparing to leave us for a new school, typically to go to secondary education, we arrange additional visits. All our 'feeder' secondary schools run programmes specifically tailored to aid transition for the more vulnerable.
- We liaise closely with the staff when receiving and transferring children to and from different schools ensuring all relevant paperwork is passed on and all needs are discussed and understood.
- If your child has complex needs then an EHCP review will be used as a transition planning meeting to which we will invite staff from both schools.

What preparation will there be for both the school and my child/young person before he or she joins the school?

- We will meet with parents, carers and children before the child starts school.
- We will liaise with previous education establishments as well as all professionals working with your child to ensure that we have all of the relevant information about your child
- We will implement any necessary strategies to ensure a smooth transition for both you and your child. This could be;
 1. Visits over a period of time to our school;
 2. Visits to see your child in their previous school;
 3. Photographs of our school and staff in a book for your child;
 4. Social stories if relevant.

How will he or she be prepared to move onto the next stage?

- Transition arrangements will be made to suit your child's needs. If they require a longer transition process, this will be catered for and will all be done in collaboration with you.
- When your child leaves our school to go to a new school, there will be meetings with the new school, parents and our school. The new school will be invited to come and meet your child in their current learning environment. Our staff can accompany your child to their new school. Again, this will all be implemented in partnership with parents.

What information will be provided to his or her new school?

- All educational, social care and health records that we have will be transferred to your child's new school. This is so that they have all of the necessary information to provide the best support and education for your child.

How will you support a new school to prepare for my child/young person?

- A meeting with the new school will be arranged. Parents will also be invited to this meeting. This will be to discuss your child's needs, targets, current level of learning and any strategies and interventions in place.
- The new school will be offered support to set initially set these strategies up, if required.

15. What other support is available?

Find out more about the local offer of support which is available for disabled children and young people and those who have SEND on the Trafford Service Directory www.trafford.gov.uk/servicedirectory or by contacting the Family Information Service:
